

MTS Synergic 250-3 Pulse

- Portable size and Ultra weight for easy moving
- Synergic pulsed technology makes single operation for all aluminum welding
- Single Pulse, Double Pulse can be selected according to welding demands
- 15Amps Min. welding current is suitable for thin material welding at MIG mode
- Waveform control makes excellent Arc Stability during the Pulse welding Program and parameter
- Multi functions including MIG,TIG and stick
- Spool gun and Push Pull gun can be satisfied with all fabrication needs
- Two types of torches and two wire feeder motors are available for Steel welding and Aluminum welding in Autobody repair shop
- Programs and settings can be saved and selected according to welding purposes
- Built-in protections including over-heat, over-voltage, low-voltage, and over-current

Industrial

Processes

- MIG(GMAW)
- MIG-P(GMAW-P)
- FLUX CORED(FCAW)
- STICK(SMAW)
- LIFT TIG

Optional Accessories

- Earth cable and clamp
- Welding cable and holder
- WP-26-4m #32.0027.01
- MIG15AK-3m #00.2548.01
- DM2400-3m #00.2552
- Spool Gun-6m #00.2483
- Argon flow meter #00.3173
- Trolley #00.0197

Model	Effective Input Amps	KW	Welding Current Range (A)	Welding Voltage Range (V)	Rated Output at 40°C	No-load Volts	Dimension	Wire Diameter(mm)	Net weight	Protection Class
